Preface to the Second Edition	vii
Preface to the First Edition	ix
Contributors	xiii
Part I Introduction to Clinical Geriatrics	
1 The Practice of Geriatric Anesthesia	3
<i>Jeffrey H. Silverstein</i>	
2 Demographics and Economics of Geriatric Patient Care	15
<i>Maria F. Galati and Roger D. London</i>	
3 Theories of Aging	29
<i>Stanley Muravchick</i>	
4 Ethical Management of the Elderly Patient	38
<i>Paul J. Hoehner</i>	
5 Teaching Geriatric Anesthesiology to Practitioners, Residents, and Medical Students	58
<i>Sheila J. Ellis</i>	
6 Research Priorities in Geriatric Anesthesiology	66
<i>Christopher J. Jankowski and David J. Cook</i>	
Part II Cardinal Manifestations of Aging and Disease in the Elderly	
7 Alterations in Metabolic Functions and Electrolytes	97
<i>Michael C. Lewis</i>	
8 Perioperative Thermoregulation	107
<i>Daniel I. Sessler</i>	
9 Postoperative Central Nervous System Dysfunction	123
<i>Deborah J. Culley, Terri G. Monk, and Gregory Crosby</i>	
10 Alterations in Circulatory Function	137
<i>Thomas J. Ebert and G. Alec Rooke</i>	
11 The Aging Respiratory System: Anesthetic Strategies to Minimize Perioperative Pulmonary Complications	149
<i>Rodrigo Cartin-Ceba, Juraj Sprung, Ognjen Gajic, and David O. Warner</i>	

12 Operative Debridements of Chronic Wounds 165
Andrew M. Hanflik, Michael S. Golinko, Melissa Doft, Charles Cain, Anna Flattau, and Harold Brem

Part III Anesthetic Management of the Aged Surgical Candidate

13 Preoperative Risk Stratification and Methods to Reduce Risk 181
Linda L. Liu and Jacqueline M. Leung

14 Anesthetic Implications of Chronic Medications 197
Tamas A. Szabo and R. David Warters

15 The Pharmacology of Opioids 209
Steven L. Shafer and Pamela Flood

16 Intravenous Hypnotic Anesthetics 229
Matthew D. McEvoy and J.G. Reves

17 Inhalational Anesthetics 246
Gary R. Haynes

18 Relaxants and Their Reversal Agents 266
Cynthia A. Lien and Takahiro Suzuki

19 Management of Regional Anesthesia 278
Bernadette Veering

20 Fluid Management 293
Jessica Miller, Lee A. Fleisher, and Jeffrey L. Carson

21 Pain Management 308
Jack M. Berger

22 Anesthesia Considerations for Geriatric Outpatients 322
Kathryn E. McGoldrick

Part IV Anesthesia for Common Surgical Procedures in the Aged

23 Sedation and Monitoring 341
Sheila R. Barnett

24 Total Hip Replacement, Joint Replacement, and Hip Fracture 355
Idit Matot and Shaul Beyth

25 Transurethral Prostatectomy Syndrome and Other Complications of Urologic Procedures 368
Daniel M. Gainsburg

26 Thoracic Procedures 378
Steven M. Neustein and James B. Eisenkraft

27 Cardiac Procedures 390
James H. Abernathy III

28 Vascular Procedures 398
Leanne Groban and Sylvia Y. Dolinski

29 Abdominal Procedures 416
Jeffrey H. Silverstein

Index 429
