

Table of contents

Preface

1. Approach to the Patient with Renal Disease, *Edgar V. Lerma*

I. Fluid & Electrolyte Disorders

2. Disorders of Extracellular Volume: Hypovolemia & Hypervolemia, *David H. Ellison*

3. Disorders of Water Balance: Hyponatremia & Hypernatremia, *Clancy Howard & Tomas Berl*

4. Disorders of Potassium Balance: Hypokalemia & Hyperkalemia, *Michael Emmett & Michael R. Wiederkehr*

5. Acid-Base Disorders, *John H. Galla, Ira Kurtz, Jeffrey A. Kraut, Gregg Y. Lipschik, & Jeanne P. Macrae*

Metabolic Alkalosis, *John H. Galla*

Metabolic Acidosis, *Ira Kurtz & Jeffrey A. Kraut*

Respiratory Acid-Base Disorders, *Gregg Y. Lipschick & Jeanne P. Macrae*

6. Disorders of Calcium Balance: Hypercalcemia & Hypocalcemia, *Stanley Goldfarb*

7. Disorders of Phosphate Balance: Hypophosphatemia & Hyperphosphatemia, *Keith A. Hruska*

8. Disorders of Magnesium Balance: Hypomagnesemia & Hypermagnesemia, *Meryl Waldman & Sidney Koblin*

II. Acute Renal Failure

9. Acute Kidney Injury, *Muhammad Sohail Yaqub & Bruce Molitoris*

10. Hepatorenal Syndrome, *Florence Wong*

11. Rhabdomyolysis, *James P. Knochel*

12. Contrast-Induced Nephropathy, *Steven Brunelli & Michael R. Rudnick*

13. Tumor Lysis Syndrome, *Brian Stephany & Martin Schreiber, Jr.*

14. Acute Renal Failure from Therapeutic Agents, *Ali J. Olyaei & William M. Bennett*

15. NSAIDs & the Kidney: Acute Renal Failure, *Mark A. Perazella*

16. Obstructive Uropathy, *Beckie Michael*

III. Chronic Renal Failure

17. Chronic Renal Failure & the Uremic Syndrome, *Gregorio T. Obrador*

18. Anemia & Chronic Kidney Disease, *Robert Provenzano*

19. Cardiovascular Disease in Chronic Kidney Disease, *Nadia Zalunardo & Adeera Levin*

20. Renal Osteodystrophy, *William G. Goodman*

21. Chronic Renal Failure & the Uremic Syndrome: Nutritional Issues, *Kamyar Kalantar-Zadeh & Joel D. Kopple*

22. Slowing the Progression of Chronic Kidney Disease, *Maarten W. Taal*

IV. Glomerular Disorders

23. Nephrotic Syndrome versus Nephritic Syndrome, *Isaac Teitelbaum & Laura Kooienga*

24. Minimal Change Disease, *Elaine S. Kamil*

25. Focal Segmental Glomerulosclerosis, *Debbie S. Gipson & Howard Trachtman*

26. Membranous Nephropathy, *Fernando C. Fervenza & Daniel C. Cattran*

27. Immunoglobulin A Nephropathy & Henoch-Schönlein Purpura, *Meryl Waldman & Gerald B. Appel*

28. Membranoproliferative Glomerulonephritis, *Howard Trachtman*

29. Goodpasture's Syndrome/Anti-Glomerular Basement Membrane Disease, *Sian Finlay & Andrew J. Rees*

30. Postinfectious Glomerulonephritis, *Bernardo Rodriguez-Iturbe & Sergio Mezzano*

31. Vasculitides, *Patrick H. Nachman & Cynthia J. Denu-Ciocca*

32. Lupus Nephritis, *James E. Balow*

33. Plasma Cell Dyscrasias, *Richard J. Glasscock & Arthur H. Cohen*

34. Thrombotic Microangiopathies, *Cynthia C. Nast & Sharon G. Adler*

35. Glomerular Disorders due to Infections, *Jeremy S. Leventhal, Michael J. Ross, Kar Neng Lai, & Sydney C.W. Tang*

HIV-Associated Nephropathy, *Jeremy S. Leventhal & Michael J. Ross*

Hepatitis-Associated Glomerulonephritis, *Kar Neng Lai & Sydney C.W. Tang*

V. Tubulointerstitial Diseases

36. ♦ Acute Tubulointerstitial Nephritis, *Edgar V. Lerma*
37. ♦ Chronic Tubulointerstitial Nephritis, *Edgar V. Lerma*
38. ♦ Urinary Tract Infection, *Kamaljit Singh, Sampath Kumar, Ronald Villareal, & Edgar V. Lerma*
39. ♦ Reflux Nephropathy, *Hiep T. Nguyen & Emil A. Tanagho*

40. ♦ Nephrolithiasis, *Elaine M. Worcester & Fredric L. Coe*

VI. Hypertension

41. ♦ Primary (Essential) Hypertension, *Peter D. Hart & George L. Bakris*
42. ♦ Secondary Hypertension, *William J. Elliott, Priya Kalahasti, Sey M. Lau, Joseph V. Nally, Jr., & Celso E. Gomez-Sanchez*
General Approaches, *William J. Elliott*
Renovascular Hypertension, *Priya Kalahasti, Sey M. Lau, & Joseph V. Nally, Jr.*
Endocrine Hypertension, *Celso E. Gomez-Sanchez*
Coarctation of the Aorta, *William J. Elliott*
Sleep Apnea, *William J. Elliott*
43. ♦ Hypertension in High-Risk Populations, *David Martins, Keith Norris, Tiina Podymow, & Phyllis August*
Hypertension in African-Americans, *David Martins & Keith Norris*
Hypertension in the Elderly
Hypertension in Pregnancy, *Tiina Podymow & Phyllis August*
44. ♦ Refractory Hypertension, *Luis M. Ruilope & Julian Segura*
45. ♦ Hypertensive Emergencies & Urgencies, *William J. Elliott*

VII. Cystic & Genetic Diseases of the Kidney

46. ♦ Cystic Diseases of the Kidney, *Qi Qian & Vicente E. Torres*
47. ♦ Familial Hematurias: Alport Syndrome & Thin Basement Membrane Nephropathy, *Clifford E. Kashtan*
48. ♦ Fabry Disease, *Robert J. Desnick*
49. ♦ Sickle Cell Nephropathy, *Jon I. Scheinman*

VIII. Renal Replacement Therapy

50. ♦ Hemodialysis, *Michael V. Rocco & Shahriar Moossavi*
51. ♦ Peritoneal Dialysis, *Brenda B. Hoffman*
52. ♦ Continuous Renal Replacement Therapy, *Frank Liu & Ravindra Mehta*
53. ♦ Renal Transplantation, *Phuong-Thu Pham, Julie Yabu, Phuong-Chi T. Pham, & Alan H. Wilkinson*

IX. Kidney Disease in Special Populations

54. ♦ Diabetic Nephropathy, *Yalemzewd Woredokal & Eli A. Friedman*
55. ♦ Pregnancy & Renal Disease, *Priya Anantharaman, Rebecca J. Schmidt, and Jean L. Holley*
56. ♦ Aging & Renal Disease, *Nada B. Dimkovic & Dimitrios G. Oreopoulos*

X. Special Topics in Nephrology

57. ♦ Interventional Nephrology: Endovascular Procedures, *Theodore F. Saad*
58. Interventional Nephrology: Peritoneal Dialysis Catheter Procedures, *Stephen R. Ash*
59. ♦ Poisonings & Intoxications, *James F. Winchester & Donald A. Feinfeld*
