

## Table of contents

Preface

### **SECTION I: ICU BASICS**

Chapter 1. The ICU Room and Equipment

Chapter 2. The ICU Bed

Chapter 3. The Universal Protocol in the ICU

Chapter 4. Hand Washing in the ICU

Chapter 5. Prepping and Draping in the ICU

Chapter 6. Informed Consent and Procedure Documentation

Chapter 7. Critical Care Transport

Chapter 8. Cardiopulmonary Resuscitation

### **SECTION II: NEUROLOGICAL PROCEDURES**

Chapter 9. Pain Management in the ICU

Chapter 10. Agitation Scale

Chapter 11. Glasgow Coma Score

Chapter 12. Neuromuscular Blockade

Chapter 13. Lumbar Puncture

Chapter 14. Brain Death Examination

Chapter 15. Intracranial Pressure Monitoring

Chapter 16. Electroencephalography

Chapter 17. Cerebral Oximetry

Chapter 18. Direct Brain Tissue Oxygen Measurement

Chapter 19. Jugular Venous Oximetry

Chapter 20. Cerebral Microdialysis

Chapter 21. Transcranial Doppler Examination

Chapter 22. Portable Computerized Axial Tomography Scanning

### **SECTION III: THORACIC AND RESPIRATORY PROCEDURES**

Chapter 23. Emergency Airway Cart

Chapter 24. Bag-Mask Ventilation

Chapter 25. Noninvasive Ventilation

Chapter 26. Laryngeal Mask Airway

Chapter 27. Oral Endotracheal Intubation

Chapter 28. Percutaneous Airways

Chapter 29. Mechanical Ventilation

Chapter 30. Bronchoscopy

Chapter 31. Thoracentesis

Chapter 32. Tube Thoracostomy

### **SECTION IV: CARDIOVASCULAR PROCEDURES**

Chapter 33. Electrocardiography

Chapter 34. Catheter Insertion

Chapter 35. Arterial Line Cannulation

Chapter 36. Central Venous Catheterization

Chapter 37. Peripherally Inserted Central Catheter

Chapter 38. Pulmonary Artery Catheterization

Chapter 39. Cardiac Output Determination

Chapter 40. Intra-Aortic Balloon Pump Insertion  
Chapter 41. Pericardiocentesis

### **SECTION V: GASTROINTESTINAL PROCEDURES**

Chapter 42. Nasogastric Tube Insertion  
Chapter 43. Nasoduodenal Feeding Tube  
Chapter 44. Percutaneous Gastric Tube  
Chapter 45. Paracentesis  
Chapter 46. Abdominal Compartment Syndrome Diagnosis

### **SECTION VI: GENITOURINARY PROCEDURES**

Chapter 47. Male Urinary Drainage Catheter  
Chapter 48. Female Urinary Drainage Catheter  
Chapter 49. Suprapubic Catheterization  
Chapter 50. Continuous Renal Replacement Therapies

### **SECTION VII: EXTREMITY PROCEDURES**

Chapter 51. Deep Venous Thrombosis Prophylaxis  
Chapter 52. Diagnosis of Compartment Syndrome  
Chapter 53. Doppler Evaluation of Pulses  
Chapter 54. Extremity Splinting  
Chapter 55. Blood Culturing
