

## Table of Contents

1: Introduction - Blueprint of a Bird (Bauplan/Body plan)

2: General Physiological Principles

3: Physiological Bases of Fecundity/Longevity Tradeoffs

4: Adaptations: Obtaining and Processing Food

5: Adaptations: Living in Specific Environments

6: Adaptations: Neural and Sensory

7: Adaptations: Developmental Physiology

8: Approaches and Techniques

9: Conclusions and Future Directions
