Table of contents

Section 1: Introduction
1.1: Geoff Hanks, Nathan I. Cherny, Stein Kaasa, Russ Portenoy, Nicholas Christakis & Marie Fallon: Introduction

Section 2: The worldwide status of palliative care
2.1: David Clark: International progress in creating palliative medicine as a specialized discipline
2.2: Perry Fine & Stephen Connor: Lessons learned from hospice in the United States of America
2.3: Robert Twycross & M. R. Rajagopal: Providing palliative care in resource-poor countries
2.4: Neil Macdonald: IAHPC list of the essential medicines for palliative care

Section 3: The challenge of palliative medicine
3.1: Nathan I. Cherny: The problem of suffering and the principles of assessment in palliative medicine
3.2: Jane Ingham, Meg Sands & Michael Piza: The epidemiology of death and symptoms
3.4: Raphael Catane & Nathan Cherny: Palliative medicine and modern cancer care
3.5: Fiona Graham, Suresh Kumar & David Clark: Barriers to the delivery of palliative care
3.6: Karen Steinhauser & James Tulsky: Defining a good death
3.7: Jonathan Koffman & LaVera Crawley: Cultural aspects of palliative medicine
3.8: Thomas Smith & J Brian Cassel: The economic challenges of palliative medicine

Section 4: The interdisciplinary team
4.1: Dagny Faksvåg Haugen, Friedemann Nauck & Augusto Caraceni: The core team and the extended team
4.2: Deborah Witt Sherman: Nursing and palliative care
4.3: Barbara Monroe: Social work in palliative care
4.4: Rev. James M. Harper, III & Rabbi Jonathan E. Rudnick: The role of the chaplain in palliative care
4.5: Jennifer Miller & Jill Cooper: Occupational therapy in palliative care
4.6: Clare O’Callaghan: Music therapy in palliative care
4.7: Rosemary Richardson & Isobel Davidson: The dietician and nutritionist in palliative care
4.8: Diane Robinson & Anne English: Physiotherapy in palliative care
4.9: Alison MacDonald & Linda Armstrong: Speech and language therapy in palliative care
4.10: Michèle Wood: Art therapy in palliative care
4.11: Jane Ellen Barr: The contribution of stoma nurse specialist to palliative care
4.12: Fiona Cathcart: Clinical psychology in palliative care
4.13: Margaret Gibbs: The clinical pharmacist in palliative care
Section 5: Ethical issues
5.1: Kenneth Calman: Introduction
5.2: Ira Byock & Diane Palac: Confidentiality
5.3: Martin Tattersall: Truth-telling and consent
5.4: Vic Larcher & Dr Dilini Rajapakse: Palliative medicine in children: ethical and legal issues
5.5: Lars Johan Materstvedt & Dr Georg Bosshard: Euthanasia and physician-assisted suicide
5.6: Joe Fins & Elizabeth Nilson: Withholding and withdrawing life-sustaining therapy

Section 6: Communication and palliative medicine
6.1: Lesley Fallowfield: Communication with the patient and family in palliative medicine
6.2: Anna C. Muriel & Paula K. Rauch: Talking with families and children about the death of a parent
6.3: David Jeffrey: Communication with professionals
6.4: Kenneth Calman: Communication with the public, policy makers and the media

Section 7: Research in palliative medicine
7.1: Geoffrey Hanks & Stein Kaasa: Research in palliative care: getting started
7.2: Henry J. McQuay, Andrew Moore & Philip Wiffen: The principles of evidence-based medicine
7.3: John Farrar: Clinical trials in palliative care
7.4: Linda J. Kristjanson & Nessa Coyle: Qualitative research
7.5: David W. Kissane, Annette F. Street & Erin Schweers: Research into psychosocial issues
7.6: David Casarett: Ethical issues in palliative care research
7.7: Jane Ingham, Russ Portenoy & Anthoulla Mohamudally: Measurement of pain and other symptoms
7.8: Stein Kaasa & John Havard Loge: Quality of life measurement in palliative medicine - principles and practice
7.9: Keela Herr & Mary Ersek: Measurement of pain and other symptoms in the cognitively impaired
7.10: Irene J. Higginson: Clinical and organisational audit and quality improvement in palliative medicine

Section 8: Principles of drug use in palliative medicine
8.1: Geoffrey Hanks: Principles of drug use in palliative medicine

Section 9: Disease modifying management in advanced cancer
9.1: Malcolm McIllmurray: The medical treatment of cancer in palliative care
9.2: Peter J. Hoskin: Radiotherapy in symptom management
9.3: Robert Krouse: The role of general surgery in the palliative care of patients with cancer
9.4: John Healey & Wakenda Tyler: The role of orthopaedic surgery in the palliative care of patients with cancer
9.5: Tarun Sabharwal, N Fotiadis & Andy Adam: The role of interventional radiology in the palliative care of patients with cancer

Section 10: The management of Common Symptoms and Disorders
10.1: The management of pain
10.1.1: Gordon Williams & Tony Dickenson: Pathophysiology of pain in cancer and other terminal diseases
10.1.2: Nathan I Cherny: Pain assessment and cancer pain syndromes
10.1.3: Nanna Brix Finnerup & Troels Staehelin Jensen: Neuropathic pain
10.1.4: Lesley A Colvin & Marie Fallon: Cancer induced bone pain
10.1.5: Giovambattista Zeppetella: Breakthrough pain
10.1.6: Geoffrey Hanks, Nathan Cherny & Marie Fallon: Opioid analgesic therapy
10.1.7: Per Sjøgren, Frank Elsner & Stein Kaasa: Non-opioid analgesics
10.1.8: David Lussier & Russell Portenoy: Adjuvant analgesics in pain management
10.1.9: Robert A. Swarm, Menelaos Karanikolas & Michael J. Cousins: Injections, neural blockade, and implant therapies for pain control
10.1.10: Nicholas Park & Nik Patel: The role of surgical neuroablation for pain control
10.1.11: Michaela Bercowitz & Nathan I. Cherny: Treating pain with transcutaneous electrical nerve stimulation
10.1.12: Jacqueline Filshie & John W. Thompson: Acupuncture

10.2 Gastro-intestinal symptoms
10.2.1: Kathryn A. Mannix: Palliation of nausea and vomiting
10.2.2: Claud Regnard: Dysphagia, dyspepsia and hiccup
10.2.3: Nigel Sykes: Constipation and diarrhoea
10.2.4: Carla Ripamonti & Sebastian Mercadante: Pathophysiology and management of malignant bowel obstruction
10.2.5: Jeremy Keen: Jaundice, ascites and hepatic encephalopathy

10.3 Weight loss in palliative medicine
10.3.1: Florian Strasser & Vickie Baracos: Classification and pathophysiology of the anorexia/cachexia syndrome
10.3.2: Ken Fearon, Vickie Baracos & Sharon Watanabe: Classification, clinical assessment and treatment of the anorexia-cachexia syndrome.

10.4 Fatigue and asthenia
10.4: Sriram Yennurajalingam & Eduardo Bruera: Fatigue and asthenia

10.5 Clinical management of anaemia, cytopenias and thrombosis in palliative medicine
10.5: Robert Turner: Clinical management of anaemia, cytopenias and thrombosis in palliative medicine

10.6 Pruritus and sweating in palliative medicine
10.6: Mark R. Pittelkow & Charles L. Loprinzi: Pruritus and sweating in palliative medicine

10.7 Skin problems in palliative medicine
10.7.1: Michal Lotem: Medical aspects
10.7.2: Patricia Grocott & Vicky Robinson: Nursing aspects
10.7.3: Vaughan Keeley: Lymphoedema

10.8 Genito-urinary problems in palliative medicine
10.8: Richard W. Norman & Greg Bailly: Genito-urinary problems in palliative medicine
10.9 Mouth care
10.9: Franco De Conno, Cinzia Martini, Alberto Sbanotto, Carla Ripamonti & Vittorio Ventafridda: Mouth care

10.10 Endocrine and metabolic complications of advanced cancer
10.10: Mark Bower & Sarah Cox: Endocrine and metabolic complications of advanced cancer

10.11 Neurological problems in advanced cancer
10.11: Augusto Caraceni, Cinzia Martini & Fabio Simonetti: Neurological problems in advanced cancer

10.12 Sleep in palliative care
10.12: Michael J. Sateia & Ira Byock: Sleep in palliative care

10.13 Withdrawing life support - clinical advice for challenging scenarios
10.13: Gordon D. Rubenfeld: Withdrawing life support - clinical advice for challenging scenarios

10.14 Clinical management of bleeding complications
10.14: Jose Pereira & Sophie Pautex: Clinical management of bleeding complications

Section 11: Issues in specific neoplastic disease
11.1: Kin-Sang Chan, Doris M.W. Tse, Michael M.K. Sham & Anne Berit Thorsen: Palliative medicine in malignant respiratory diseases
11.2: Barbara A. Murphy, Anthony Cmelak, Steven Bayles, Ellie Dowling, Cheryl R Billante, Sheila Ridner, Kirsten Hamean, Stewart Bond, Anne Marie Flores & Wisawatapnimit Panarut: Head and neck cancer
11.3: Claudia Bausewein, Gian Domenico Borasio & Raymond Voltz: Brain tumours

Section 12: Palliative medicine in non-malignant disease
12.1: Marie Fallon: Introduction
12.2: Roger Woodruff & David Cameron: AIDS in adults
12.3: Richard M. Leach: Palliative medicine and non-malignant, end-stage respiratory disease
12.4: Andrew D. McGavigan, Francis G. Dunn & Carolyn Datta: Palliative medicine for patients with end-stage heart disease
12.5: G.D. Borasio, A. Rogers, S. Lorenzl & R. Voltz: Palliative medicine in non-malignant neurological disorders
12.6: Jo Chambers: Palliative medicine in end-stage renal failure
12.7: Simon Cohen & Thomas J. Prendergast: Palliative medicine in intensive care

Section 13: Paediatric palliative medicine
13.1: Betty Davies & Harold Siden: Special consideration for children in palliative medicine
13.2: Stephen C. Brown & Patricia A. McGrath: Paediatric pain control
13.3: John J. Collins: Symptom control in life-threatening illness in children
13.4: Michael M. Stevens: Psychological adaptation of the dying child
13.5: Betty Davies & Stacy Orloff: Bereavement issues and staff support when caring for children

Section 14: Geriatric palliative medicine
14.1: Ladislav Volicer: Palliative medicine in dementia
14.2: Diane E. Meier & Nathan Goldstein: Palliative medicine and care of the elderly

Section 15: Psychiatric, psychosocial and spiritual issues in palliative medicine
15.1: Susan McClement & Harvey Chochinov: Spiritual issues in palliative medicine
15.2: Mary L.S. Vachon: The emotional problems of the patient in palliative medicine
15.3: Joan T. Panke & Betty R. Ferrell: The family perspective
15.4: Liz Jamieson, Emma Teasdale, Alison Richardson & Amanda Ramirez: The stress of professional caregivers
15.5: William Breitbart: Psychiatric symptoms in palliative medicine
15.6: David W. Kissane & Talia Zaider: Bereavement

Section 16: Rehabilitation in palliative medicine
16.1: Deborah Franklin & Andrea Cheville: Rehabilitation in palliative medicine

Section 17: Complementary therapies in palliative medicine
17.1: Gary Deng & Barrie R. Cassileth: Complementary therapies in palliative medicine

Section 18: Palliative medicine in the home
18.1: Derek Doyle: Palliative medicine in the home: an overview
18.2: S. Lawrence Librach: Palliative medicine in the home: North America

Section 19: The terminal phase
19.1: Mike Harlos: The terminal phase
19.2: Eric Krakauer & Thomas Quinn: Sedation in palliative medicine

Section 20: Education and training in palliative medicine
20.1: Kenneth Calman: Introduction
20.2: Meg Hegarty & David Currow: Postgraduate education in palliative medicine
20.3: Charles von Gunten, Barry Buckholz & Frank Ferris: Training specialists in palliative medicine
20.4: Deborah Kirklin: The role of the humanities in palliative medicine
20.5: Jose Pereira: Informatics and palliative medicine
