

Table of Contents

Sect. I	Instability	1
1	Traumatic anterior instability : arthroscopic solutions	3
2	Traumatic anterior instability : open solutions	23
3	Posterior and multidirectional instability : arthroscopic solutions	53
4	Posterior and multidirectional instability : open solutions	73
5	Chronic, locked anterior, and posterior dislocations	89
Sect. II	Rotator cuff tears	105
6	Anterior superior rotator cuff tears : repairable and irreparable tears	107
7	Massive tears of the posterosuperior rotator cuff	129
8	Arthroscopic repair of rotator cuff tears	161
9	Arthroscopic rotator cuff repair	189
Sect. III	The stiff shoulder	203
10	Idiopathic and diabetic stiff shoulder : decision-making and treatment	205
11	Acquired shoulder stiffness : posttraumatic and postsurgical	231
Sect. IV	Fractures of the shoulder	251
12	Two-part proximal humerus fractures	253
13	Three-part fractures : open reduction and internal fixation, or arthroplasty?	257
14	Four-part proximal humeral fractures : ORIF	289
15	Hemiarthroplasty for management of complex proximal humerus fractures : preoperative planning and surgical solution	311
16	Nonunion of proximal humerus fractures	331
17	Malunions of the proximal humerus	347
18	Scapular and glenoid fractures	365
19	Acute fractures, malunions, and nonunions of the clavicle	395
20	Acromioclavicular joint : difficult problems and revision surgery	415
21	Sternoclavicular joint : primary and revision reconstruction	429
Sect. V	Shoulder arthritis	443
22	Alternatives to total shoulder arthroplasty	445
23	Shoulder arthroplasty in the young, active patient	459
24	Special issues in inflammatory arthritis	475
25	Rotator cuff arthropathy : the unconstrained arthroplasty	489
26	The reversed prosthesis	497
27	Management of bony insufficiency of the glenoid and	515

	humerus with arthroplasty	
28	The failed arthroplasty : options for revision	531
29	Arthrodesis and other salvage procedures : when arthroplasty is not indicated	551
Sect. VI	Miscellaneous conditions : nerve injuries and soft-tissue problems	573
30	The painful, snapping scapula	575
31	Scapular winging caused by serratus anterior dysfunction : recognition and treatment	583
32	Scapular winging : trapezius dysfunction	599
33	Nerve lesions : suprascapular, axillary, thoracic outlet, and brachial plexus	609
34	Deltoid injuries	634
