**Table of Contents:**

Part I: Overview

Part II: Tests & Measures

- Chapter 1: Blood Pressure Assessment
- Chapter 2: Electrodiagnostic Testing
- Chapter 3: Exercise Testing
- Chapter 4: Screening For Falls In Older Persons
- Chapter 5: Mobility Testing
- Chapter 6: Pain Assessment
- Chapter 7: Strength Testing: Isokinetic Testing & Evaluation (Class II Devices)

Part III: Interventions

- Chapter 8: Coordination: Communication And Documentation
- Chapter 9: Patient Instructions
- Chapter 10: Infection Control

Section A: Therapeutic Exercise

- Chapter 11: Aerobic
- Chapter 12: Balance And Coordination
- Chapter 13: Flexibility Exercises
- Chapter 14: Gait And Locomotion Training
- Chapter 15: Relaxation Techniques (Progressive Muscle Relaxation)
- Chapter 16: Strength, Power, And Endurance Training

Section B: Functional Training: Self-Care

- Chapter 17: Activities Of Daily Living (Basic)
- Chapter 18: Public Accessibility

Section C: Functional Training: Work/Community/Leisure

- Chapter 19: Sport Activities
- Chapter 20: Older Drivers With Acute Or Chronic Medical Conditions (Includes Noncommercial Motor Vehicles, Excludes Commercial Drivers)
Section D: Manual Therapy Techniques

Chapter 21: Manual Lymphatic Drainage
Chapter 22: Connective Tissue Massage (Bindegewebsmassage)
Chapter 23: Therapeutic Massage (Includes Western Techniques, Swedish, Classic; Excludes Eastern Technique, Shiatsu)
Chapter 24: Myofascial Release
Chapter 25: Joint Mobilization (Articulation, Nonthrust Technique, Nonimpulse Technique)
Chapter 26: Spinal Manipulation
Chapter 27: Muscle Energy Technique

Section E: Prescription, Application, Fabrication Of Devices And Equipment

Chapter 28: Adaptive Devices
Chapter 29: Assistive Devices
Chapter 30: Exercise Equipment
Chapter 31: Orthotics
Chapter 32: Prosthetics
Chapter 33: Protective Devices
Chapter 34: Supportive Devices

Section F: Airway Clearance Technique

Chapter 35: Breathing
Chapter 36: Manual/Mechanical Techniques
Chapter 37: Postural Drainage (Bronchial Drainage)

Section G: Integument Repair & Protection Techniques

Chapter 38: Wound Care

Section H: Electrotherapeutic Modalities

Chapter 39: Biofeedback
Chapter 40: Iontophoresis
Chapter 41: Electrical Stimulation

Section I: Physical Agents And Mechanical Modalities
Chapter 42: Cryotherapy (Cold Therapy)
Chapter 43: Diathermy
Chapter 44: Hydrotherapy
Chapter 45: Light Agents
Chapter 46: Sound Agents
Chapter 47: Thermotherapy
Chapter 48: Vasopneumatic Compression Devices
Chapter 49: Gravity-Assisted Compression Devices
Chapter 50: Continuous Passive Motion
Chapter 51: Spinal Traction

Section J: Complementary & Alternative Medicine

Chapter 52: Acupuncture
Chapter 53: Aromatherapy
Chapter 54: Craniosacral Therapy
Chapter 55: Hippotherapy
Chapter 56: Hypnosis
Chapter 57: Qigong
Chapter 58: Shiatsu
Chapter 59: Therapeutic Touch
Chapter 60: Trager (Psycho-Physical Integration)
Chapter 61: Yoga

Section K: Injection Therapy

Chapter 62: Injection Therapy
Chapter 63: Trigger Point Injection

Section L: Medication Interactions

Chapter 64: Potential Drug Interactions In Physical Medicine

Section M: Positioning And Draping

Chapter 65: Positioning
Chapter 66: Draping

Part IV: Screening Forms
Part V: Appendix
