

TABLE OF CONTENTS

FUNDAMENTALS AND PRACTICAL BASIS

| | |
|---|----|
| Fundamentals and practical basis | 1 |
| Arthrocentesis | 2 |
| Felipe de Vicente | |
| Introduction | 2 |
| Indications | 3 |
| Clinical signs of the most common arthropathies | 3 |
| Technique | 3 |
| Shoulder arthrocentesis | 4 |
| Elbow arthrocentesis | 4 |
| Carpal arthrocentesis | 5 |
| Hip arthrocentesis | 5 |
| Stifle arthrocentesis | 5 |
| Tarsal arthrocentesis | 6 |
| Synovial fluid analysis | 8 |
| Complications | 12 |
| Arthroscopy | 17 |
| Alan Danielski | |
| Introduction | 17 |
| Elbow arthroscopy | 17 |
| Instrumentation | 17 |
| Preparation | 19 |
| Joint inspection | 21 |
| Postoperative management | 27 |
| Shoulder arthroscopy | 27 |
| Instrumentation | 27 |
| Preparation | 28 |
| Joint inspection | 28 |
| Postoperative management | 31 |

Generalities of osteochondritis dissecans 32

Alan Danielski

| | |
|---|----|
| Introduction | 32 |
| Clinical presentation and diagnosis | 32 |
| Treatment | 32 |
| Conservative treatment | 32 |
| Surgical treatment | 32 |

General concepts about arthrodesis 37

Felipe de Vicente

| | |
|--------------------------------|----|
| Introduction | 37 |
| Indications | 37 |
| Surgical technique | 37 |
| Postoperative Management | 39 |
| Outcome | 39 |
| Complications | 39 |

SHOULDER 41

Traumatic shoulder luxation 42

Stephen Kalff

| | |
|---|----|
| Introduction | 42 |
| Clinical presentation and diagnosis | 42 |
| Treatment | 44 |
| Conservative management | 44 |
| Surgical management | 45 |
| Postoperative management | 46 |
| Outcome and complications | 47 |

Osteochondritis dissecans of the shoulder joint 48

Miguel Solano

| | |
|---|----|
| Introduction | 48 |
| Clinical presentation and diagnosis | 48 |

| | |
|--|-----------|
| Treatment | 50 |
| Surgical management | 50 |
| Postoperative management | 52 |
| Outcome | 56 |
| Complications | 56 |
| Infraspinatus contracture (fibrotic myopathy) | 58 |
| Stephen Kalf | |
| Introduction | 58 |
| Clinical presentation and diagnosis | 58 |
| Treatment | 58 |
| Surgical treatment | 58 |
| Postoperative management | 59 |
| Outcome | 59 |
| Biceps brachii tendinopathy | 61 |
| Alan Danielski | |
| Introduction | 61 |
| Clinical presentation and diagnosis | 61 |
| Physical examination | 62 |
| Radiography | 63 |
| Ultrasonography | 64 |
| Magnetic resonance imaging | 65 |
| Treatment | 66 |
| Conservative treatment | 66 |
| Surgical treatment | 66 |
| Postoperative management | 69 |
| Outcome and complications | 69 |
| Supraspinatus tendinopathy | 71 |
| Miguel Solano | |
| Introduction | 71 |
| Clinical presentation and diagnosis | 71 |
| Physical examination | 71 |
| Imaging | 71 |

| | |
|--------------------------------|----|
| Treatment | 73 |
| Conservative treatment | 73 |
| Surgical treatment | 73 |
| Postoperative management | 74 |
| Outcome | 74 |

Dorsal scapular luxation 75

Miguel Solano

| | |
|---|----|
| Introduction | 75 |
| Clinical presentation and diagnosis | 75 |
| Treatment | 76 |
| Surgical treatment | 76 |
| Postoperative management | 78 |
| Outcome and complications | 78 |

Shoulder arthrodesis 79

Miguel Solano

| | |
|--------------------------------|----|
| Introduction | 79 |
| Surgical planning | 79 |
| Surgical technique | 80 |
| Postoperative management | 85 |
| Outcome | 86 |
| Complications | 86 |

ELBOW 89

Traumatic elbow luxation 90

Stephen Kalf

| | |
|---|----|
| Introduction | 90 |
| Clinical presentation and diagnosis | 90 |
| Treatment | 91 |
| Joint reduction | 91 |
| Internal fixation | 94 |

| | |
|---|------------|
| Outcome | 97 |
| Complications | 97 |
| Ununited anconeal process | 98 |
| Felipe de Vicente | |
| Introduction | 98 |
| Clinical presentation and diagnosis | 98 |
| Treatment | 100 |
| Treatment in young animals | 100 |
| Treatment in adult animals | 100 |
| Surgical technique | 100 |
| Postoperative management | 104 |
| Patients treated via excision of the anconeal process | 104 |
| Patients treated to achieve union of the anconeal process | 104 |
| Outcome | 105 |
| Complications | 105 |
| Medial compartment disease | 106 |
| Alan Danielski | |
| Introduction | 106 |
| Treatment | 106 |
| Conservative treatment | 106 |
| Surgical treatment | 106 |
| Osteochondrosis of the elbow joint | 117 |
| Alan Danielski | |
| Introduction | 117 |
| Treatment | 117 |
| Conservative treatment | 117 |
| Surgical treatment | 117 |
| Postoperative management | 120 |
| Outcome and complications | 121 |

Short ulna syndrome 122

Miguel Solano

| | |
|---|-----|
| Introduction | 122 |
| Clinical presentation and diagnosis | 122 |
| Treatment | 126 |
| Surgical treatment | 126 |
| Outcome | 130 |

CARPUS 133

Abductor pollicis longus tenosynovitis 134

Stephen Kalff

| | |
|---|-----|
| Introduction | 134 |
| Clinical presentation and diagnosis | 134 |
| Treatment | 135 |
| Outcome | 135 |

Pancarpal arthrodesis 137

Felipe de Vicente

| | |
|---|-----|
| Introduction | 137 |
| Indications | 137 |
| Clinical presentation and diagnosis | 138 |
| Surgical planning | 139 |
| Surgical technique | 139 |
| Postoperative management | 143 |
| Outcome | 144 |
| Complications | 144 |
