  Bone Sarcomas in Bone Infarcts ...................... 302
Fibrous Tissue Bone Tumors

Introductory Remarks

Non-ossifying Bone Fibroma (ICD-O-DA-M-7494/0)

Xanthofibroma of Bone (ICD-O-DA-M-8831/0)

Fibromyxoma of Bone (ICD-O-DA-M-8811/0)

Metaphyseal Fibrous Cortical Defect (ICD-O-DA-M-7491/0)

Fibroblastic Periosteal Reaction (ICD-O-DA-M-4900/0)

Ossifying Bone Fibroma (ICD-O-DA-M-9262/0)

Osteofibrous Bone Dysplasia (Campanacci)

Fibrous Bone Dysplasia (Jaffe-Lichtenstein)

Desmoplastic Bone Fibroma (ICD-O-DA-M-8823/1)

Benign Fibrous Histiocytoma (ICD-O-DA-M-8832/0)

Malignant Fibrous Histiocytoma (ICD-O-DA-M-8830/3)

Fibrosarcoma of Bone (ICD-O-DA-M-8810/3)

Giant Cell Tumor of Bone (Osteoclastoma)

Osteomyelogenous Bone Tumors

Introductory Remarks

Osseous Lipoma (ICD-O-DA-M-8850/0)

Osseous Liposarcoma (ICD-O-DA-M-8850/3)

Medullary Plasmocytoma (ICD-O-DA-M-9730/3)

(Multiple Myeloma)

Ewing's Sarcoma (ICD-O-DA-M-9260/3)

Malignant Lymphoma of Bone (Non-Hodgkin Lymphoma, Reticulum Cell Sarcoma) (ICD-O-DA-M-9640/3)

Osseous Hodgkin Lymphoma (Hodgkin's Disease, Malignant Lymphogranulomatosis) (ICD-O-DA-M-965/3)

Leukemia (ICD-O-DA-M-9800/3)

Malignant Mastocytosis (Mast Cell Reticulosis, Systemic Mastocytosis) (ICD-O-DA-M-9741/3)

Vascular Bone Tumors (and other Bone Tumors)

Introductory Remarks

Hemangioma of Bone (ICD-O-DA-M-9120/0)

Hemangiosarcoma of Bone (ICD-O-DA-M-9120/3)

Adamantinoma of the Long Bones (ICD-O-DA-M-9261/3)

Chordoma (ICD-O-DA-M-9370/3)

Neurogenic Bone Tumors

Osseous Neurinoma (Neurolemoma, Schwannoma)

Osseous Neurofibroma (ICD-O-DA-M-9540/0)

Neuroblastoma (Sympathicoblastoma) (ICD-O-DA-M-9490/3)
Muscular Bone Tumors ............................................. 390
Osseous Leiomyoma (ICD-O-DA-M-8890/0) ..................... 390
Osseous Leiomyosarcoma (ICD-O-DA-M-8890/3) .............. 390
Malignant Osseous Mesenchymoma ............................. 392
Bone Metastases ...................................................... 396
Tumor-like Bone Lesions .......................................... 407
Introductory Remarks .............................................. 407
Juvenile Bone Cyst (ICD-O-DA-M-3340-4) ...................... 408
“Cementoma” of the Long Bones (ICD-O-DA-M-9272/0) ... 410
Aneurysmal Bone Cyst (ICD-O-DA-M-3364-0) ............... 412
Intraosseous Ganglion .............................................. 418
Subchondral Bone Cyst ............................................. 418
Calcaneus Cyst ....................................................... 420
Intraosseous Epidermal Cyst ..................................... 420

12 Degenerative Joint Diseases ................................. 423
General ................................................................. 423
Arthrosis Deformans ............................................... 424
Osteochondrosis Dissecans ........................................ 430
Degenerative Lesions of the Meniscus ......................... 432
Traumatic Lesions of the Meniscus ............................. 434
Degenerative Changes in the Vertebral Column .............. 436

13 Inflammatory Joint Diseases ............................... 441
General ................................................................. 441
Rheumatoid Arthritis .............................................. 442
Non-specific Spondylitis .......................................... 448
Spondylarthritis Ankylopoetica (Bechterew’s Disease) ..... 450
Non-specific and Specific Arthritis ............................. 452

14 Tumorous Joint Diseases ..................................... 457
General ................................................................. 457
Synovial Chondromatosis (ICD-O-DA-M-7367.0) ............ 458
Lipoma arborescens (Diffuse Articular Lipomatosis) ....... 460
Localized Nodular Synovitis ...................................... 462
Pigmented Villonodular Synovitis (ICD-O-DA-M-4783.0) 464
Synovial Sarcoma (ICD-O-DA-M-9040/3) ...................... 466

15 Parosteal and Extraskeletal Lesions ....................... 471
General ................................................................. 471
Ganglion ............................................................... 472
Chronic Bursitis ..................................................... 472
Baker Cyst ............................................................ 474
De Quervain’s Tendovaginitis Stenosans ....................... 474
Benign Giant Cell Tumor of the Tendon Sheath . . . . . . . . . . . . 476
Myositis Ossificans ................................................. 478
Extraosseous Osteosarcoma .......................... 482
Extraosseous Chondrosarcoma ........................... 484
Tumorous Calcinosis ............................................. 484
Thibierge-Weissenbach Syndrome ................. 486

16 Examination Techniques ................................. 489
General ................................................................. 489
1 Scope of Radiological Procedures for Examining the Skeleton 490
2 Macroscopic Specimens .................................. 494
3 Bone Biopsy Techniques ............................... 496
4 Histological Preparation .............................. 498
   Frozen Sections (Rapid Examination) ............ 498
   Semithin Sections ............................................. 498
   Fixation .......................................................... 498
5 Embedding in Plastic ...................................... 500
6 Bone Decalcification and Paraffin Embedding ..... 500
7 Tissue Staining ................................................. 502
8 Diagnostic Immunohistochemistry ............... 506
9 Histomorphometry .......................................... 510
10 Microradiography ............................................ 512
11 Cytophotometry of Bone Tumors ............... 515
