Preface	III
Authors	V
<b>1.</b> Alpha1-antitrypsin deficiency: pathophysiology and clinical aspects <i>Martina Meocci, Behar Cekorja, Elena Bargagli</i>	1
<b>2.</b> Diagnosis of AATD: when to suspect and how to test <i>Ilaria Ferrarotti, Valentina Barzon, Alice M. Balderacchi</i>	7
<b>3.</b> When “rare” does not mean “infrequent” <i>Stefania Ottaviani, Alessandra Corino</i>	14

- 4.** General management of lung disease: patient monitoring 20  
*Anna Annunziata, Sara Spinelli, Ediva Myriam Borriello, Giuseppe Fiorentino*
- 5.** Treatment perspective: when to start and personalize therapy 26  
*Luciano Corda*
- 6.** Pulmonary rehabilitation and lung transplantation 31  
*Bruno Balbi*
- 7.** Alpha1-antitrypsin deficiency and severe asthma 38  
*Gabriella Guarnieri, Sara Lococo, Alessia Achille, Andrea Vianello*
- 8.** Alpha1-antitrypsin deficiency and bronchiectasis 43  
*Mattia Nigro, Ana Lleo, Stefano Aliberti*
- 9.** Alpha1-antitrypsin deficiency and COVID-19 49  
*Angelo G. Corsico*
- 10.** Clinical manifestations in the liver 55  
*Federica Benini*
- 11.** Presentation of the alpha1-antitrypsin deficiency algorithm 60  
*Angelo G. Corsico, Ilaria Ferrarotti*
- 12.** Alpha1-antitrypsin deficiency and bronchiectasis: a clinical case. Is there a link? 65  
*Alessandro Sanduzzi Zamparelli, Stefano Sanduzzi Zamparelli*
- 13.** Clinical case presentation 70  
*Mario Torrazza, Stefano Del Giacco*
- 14.** The importance of a correct and comprehensive diagnosis in alpha1-antitrypsin deficiency 76  
*Davide Piloni, Silvia Mancinelli, Ilaria Ferrarotti, Angelo G. Corsico*
- 15.** The future of research: the EARCO Registry 81  
*Marc Miravittles*
- 16.** Patient empowerment: home therapy and self-administration 88  
*Nuccia Gatta*
