

Contents

1. History of ophthalmic blocks	1
<i>Friedrich Lersch, Gian-Fadri Jäger, Tom Eke</i>	
2. Anatomy relevant for blocks	12
<i>Chandra M. Kumar</i>	
3. Pharmacology relevant to ophthalmic blocks	26
<i>Oya Yalcin Cok, Christopher Fecca</i>	
4. Preoperative assessment and investigations before orbital blocks	39
<i>Alfred W.Y. Chua, Matthew J. Chua, Brian P. Harrisberg</i>	
5. Needle-based ophthalmic blocks	50
<i>Howard Palte</i>	
6. Sub-Tenon’s block and variations	63
<i>Philip Guise</i>	
7. Other blocks of orbital region	81
<i>Oya Yalcin Cok</i>	
8. Ophthalmic blocks for paediatric surgery	86
<i>Renu Sinha, Vishnu Narayanan</i>	
9. Complications of ophthalmic blocks	102
<i>Shashi B. Vohra</i>	
10. Ultrasound-guided ophthalmic blocks	115
<i>Alfred W.Y. Chua, Brian P. Harrisberg, Matthew J. Chua</i>	
11. Sedation and analgesia considerations in ophthalmic surgery	125
<i>Edwin Seet, Evan Seet</i>	
12. Management of acute postoperative pain and chronic eye pain: medical therapy and ophthalmic blocks	135
<i>Manpreet Kaur, Oya Yalcin Cok</i>	
13. Training models and simulation for regional ophthalmic blocks	143
<i>Jaichandran V. Venkatakrishnan</i>
